MSIS Master of Science in Information Systems Online

The Master of Science in Information Systems (MSIS) Online offers technical education with a business slant. Students gain the skills necessary to manage the technology of business and can immediately apply what they learn to their professions. Industry-driven coursework and opportunities for hands-on experience prepare graduates for leadership positions in one of today’s fastest-growing job sectors.

Delivered in an interactive and accessible online format, the MSIS Online is designed for maximum flexibility.

Admission Requirements
For a complete list of admission requirements, click on Admissions at MSISOnline.Eccles.Utah.edu.

Application Deadlines

Spring 2018
Priority Deadline: Aug. 18, 2017
Final Deadline: Dec. 8, 2017

Fall 2018
Priority Deadline: Feb. 2, 2018
Final Deadline: July 27, 2018

Estimated Tuition & Fees

Full-Time: $28,400
Part-Time: $31,000

Online and on-campus courses have identical tuition. Online students pay an additional $60 fee per course to cover the costs of operating online courses. Online classes may also have additional testing fees.

Tuition Notes
Domestic resident and non-resident students will pay in-state tuition prices. International applicants should contact Laurie.Bragg@Eccles.Utah.edu for more information about tuition rates.

Scholarship Overview
To be eligible for an admissions scholarship, students must submit a complete MSIS Online application by the scholarship deadlines and have a minimum 550 GMAT score. A separate scholarship application will be sent to eligible applicants with their admission decision or shortly thereafter. Criteria for awards include demonstrated excellence in academic or professional pursuits, as assessed in your program and scholarship applications.

The Master of Science in Information Systems (MSIS) Online offers technical education with a business slant. Students gain the skills necessary to manage the technology of business and can immediately apply what they learn to their professions. Industry-driven coursework and opportunities for hands-on experience prepare graduates for leadership positions in one of today’s fastest-growing job sectors.

Delivered in an interactive and accessible online format, the MSIS Online is designed for maximum flexibility.
Our information systems curriculum integrates technology and business, preparing students to enter the growing market for technology professionals.

- Prepares graduates to compete in the booming technology market
- Offers specialized training in an accelerated one-year format
- Provides flexibility to work full-time while completing courses online
- Coursework is interactive and engaging, including weekly webinars with faculty and peers

### Work-Compatible Class Schedule
The online format enables students to complete coursework when and where it is convenient, with the ability to plan study time according to individual scheduling needs. The curriculum is highly structured with frequent deadlines and weekly faculty webinars, helping students stay on track throughout the program. Online courses follow the same timeline and rigorous modules as in-person courses. Once admitted, students meet with an advisor to map out an effective course of study.

### Employment Statistics
- **Starting Salary**: $76,565
  - Average starting salary of MSIS graduates, May 2017
- **Employment Rate**: 90%+
  - Employed 3 months post-graduation, May 2017

### Concurrent Degrees
Students have the option to complete the MBA Online concurrently with the MSIS Online. Learn more at Eccles.link/MSISOnline-Concurrent.

---

#### Capstone Project
Students complete a hands-on capstone project as the culmination of their degree. The capstone is a complex information systems project, requiring students to demonstrate knowledge in key areas of business and technology. The capstone project is three credit hours completed over three semesters.

#### Career Development
A dedicated career coach helps students prepare to enter the growing, competitive market for technology professionals.
