MSIS
Master of Science in Information Systems

Designed to provide the advanced education necessary to manage the technology of business, the Master of Science in Information Systems (MSIS) program offers business education with a practical slant. Industry-driven coursework and opportunities for hands-on experience prepare our graduates for leadership positions in one of today’s fastest-growing job sectors.

With evening courses and four areas of specialty, students can fit the program to their schedule and customize their degree.

Our information systems curriculum integrates technology and business, preparing students to enter the growing market for technology professionals.

Capstone Project
As the culmination of their degree, students complete a hands-on capstone project, requiring them to demonstrate knowledge in key areas of business and technology. The capstone project is three credit hours completed over three semesters.

Career Development
With a number of Fortune 500 technology companies located in and near Salt Lake City, MSIS graduates have access to job opportunities at some of the most prestigious corporations in the United States. A dedicated career coach helps students prepare to enter this growing, competitive market.

Work-Compatible Class Schedule
Because many of our students have full-time jobs, MSIS courses are primarily offered in the evening, with a limited number of daytime electives available. Once admitted, students meet with an advisor to map out an effective course of study.

Full-Time students complete the program in 3 semesters
Part-Time students complete the program in 4-6 semesters

Starting Salary
$76,565
average starting salary of MSIS graduates, May 2017

Employment Rate
90%+
employed 3 months post-graduation, May 2017

Concurrent Degrees
Students have the option to earn a Full-Time MBA, Professional MBA, MS Business Analytics or MS Finance concurrently with the MSIS. Learn more at Eccles.link/MSIS-Concurrent.
