MSIS Master of Science in Information Systems

Scholarship Overview

To be eligible for an admissions scholarship, students must submit a complete MSIS application by the scholarship deadlines and have a minimum 550 GMAT score. A separate scholarship application will be sent to eligible applicants with their admission decision or shortly thereafter. Criteria for awards include demonstrated excellence in academic or professional pursuits, as assessed in your program and scholarship applications.

David Eccles School of Business
THE UNIVERSITY OF UTAH

Designed to provide the advanced education necessary to manage the technology of business, the Master of Science in Information Systems (MSIS) program offers business education with a practical slant. Industry-driven coursework and opportunities for hands-on experience prepare our graduates for leadership positions in one of today's fastest-growing job sectors.

With evening courses and four areas of specialty, students can fit the program to their schedule and customize their degree.

David Eccles School of Business
THE UNIVERSITY OF UTAH

MSIS

AT-A-GLANCE

Our information systems curriculum integrates technology and business, preparing students to enter the growing market for technology professionals.

30 **Credit Hours**
Core: 18
Electives: 12

✓ **Full- or Part-Time Format**

✓ **Fall, Spring & Summer Starts**

- **Prepares graduates to compete in Utah's booming technology market**
- **Offers specialized training in an accelerated one-year format**
- **Provides flexibility to work full-time while attending evening classes**
- **STEM-designated program: F-1 graduates are eligible for an OPT extension**

Capstone Project

As the culmination of their degree, students complete a hands-on capstone project, requiring them to demonstrate knowledge in key areas of business and technology. The capstone project is three credit hours completed over three semesters.

Work-Compatible Class Schedule

Because many of our students have full-time jobs, MSIS courses are primarily offered in the evening, with a limited number of daytime electives available. Once admitted, students meet with an advisor to map out an effective course of study.

Full-Time students complete the program in 3 semesters
Part-Time students complete the program in 4-6 semesters

MSIS Areas of Specialization

1. Business Intelligence & Analytics
2. Software & Systems Architecture
3. Product & Process Management
4. IT Security
