We are a WICHE Approved Program

The MHA program is approved as a Western Regional Graduate Program (WRGP) for non-residents. This allows out-of-state applicants who are residents of a WICHE-member state to enroll in our MHA program while paying in-state tuition. For information on this program please contact us at MHAInfo@Eccles.Utah.edu

10% Scholarship for U of U Alumni

University of Utah alumni who have graduated within the past five years are eligible for a 10% scholarship once admitted to the MHA or PMHA program. Contact MHAInfo@Eccles.Utah.edu to learn more.

Non-Resident Tuition Assistance

Applicants who do not qualify for resident tuition may be eligible to receive non-resident tuition assistance through the University of Utah's Office of Admissions. Out-of-state applicants with a Utah address may be eligible for the Residency Reclassification Application, allowing graduate students to receive in-state tuition. For additional information, please email MHAInfo@eccles.utah.edu

MHA

Master of Healthcare Administration

The Master of Healthcare Administration (MHA) program provides students with the leadership skills and technical tools needed to improve the human condition and prepare for increasingly responsible leadership roles across a broad spectrum of healthcare-delivery organizations. The small size of the MHA program ensures one-on-one attention from professors, as well as opportunities to work with some of the nation's top-ranked hospitals and healthcare facilities. Graduates develop relationships that allow them to explore remarkable opportunities in healthcare administration and much more.

MHA

AT-A-GLANCE

55 Credit Hours

 Full-Time & Evening Formats

 Fall Enrollment Option

Top Alumni Network

Connecting with the MHA alumni community is one of the strongest networking opportunities available to students. Our alumni are employed across the U.S. and remain highly involved with our program. They engage with students in both formal and informal ways, including helping students network with their organizations and participating in mentoring opportunities.

Professional MHA (PMHA) Program

The Professional MHA (PMHA) program is designed for current healthcare professionals with 3+ years of full-time work experience who want to further their potential, opening doors to career advancement and leadership positions in the healthcare industry. PMHA students will take a mix of evening and online classes, allowing them to continue their career while going to school.

Career Development

The MHA career development manager works to provide career-focused training and resources that complement classroom studies and facilitate mutually beneficial connections between students, alumni and corporate recruiters. Leveraging their internship experience and network of local executives and MHA faculty, MHA students secure top-level jobs and administrative fellowships.

The MHA program of study includes a hands-on cohort series and access to a top network of alumni and executives. Students exit the program prepared for leadership roles in a variety of fields, including healthcare delivery, public health, healthcare policy and health services research.

- CAHME accredited - the gold standard in graduate healthcare education
- Member of the Association of University Programs in Health Administration
- Healthcare executives serve as program faculty and work closely with students.
- Students take a mix of day and evening classes.
- MHA dual-degree programs available

Experiential Opportunities for MHA Students

The MHA program offers a number of applied-learning opportunities to help students expand their professional network, increase their skills and connect with executive-level mentors:

- MHA Student Association
- Health Administration Case Competitions
- U Mentor Healthcare Leadership Program
- ACHE Annual Congress on Healthcare Leadership

PROFESSIONAL MHA

48

Total Credit Hours

Fall Semester Start

Flexible Evening Classes

The Professional MHA (PMHA) program prepares mid-careerists for administrative positions in both the public and private sectors of the healthcare industry. Students enter the program with prior healthcare experience and can keep their full-time jobs while attending school. PMHA graduates will have the academic credentials to move into leadership positions in a variety of settings, including healthcare delivery, public health, healthcare policy and health services research.

Work Experience

Students applying to the PMHA program must have a minimum of three years of full-time work experience in healthcare prior to the start of their degree. Students who are currently employed in healthcare have the opportunity to maintain full-time employment while pursuing the PMHA program.

Degree Schedule

Entering students take courses in a lock-step schedule with 9-12 credit hours during fall and spring semesters, and 6 credit hours during the summer semester. Classes are held in the evenings.

Instructors

PMHA students learn from experts in the field. Most courses are taught by current or recently retired healthcare executives. Lessons learned will be immediately applicable to your work situation.

Career Outcomes

The combination of the practical knowledge you will gain from the program and your work experience will give you the skills and expertise required to advance your career and move into leadership positions.
